JUDGE ALTON BROOKS PARKER, OUR NEXT PRESIDENT.

(Born in Cortland, N. Y., in 1852. Educated in the public schools and at the Cortland academy. Taught school while studying law, and graduated from the Albany Law school. First public office was that of surrogate of Ulster county. Managed democratic campaign which made David B. Hill governor of New York. Declined nomination for Lieutenant Governor in 1883 and 1885.

Appointed justice of the Supreme Court in 1886. Declined democratic nomination for governor in 1891. Elected Chief Judge of the court of appeals of New York in 1897. Lives at Esopus, near Kingston, on the Hudson. Married Miss Mary L. Schoonmaker early in his career. Family—one daughter, married to Rev. Charles Mercer Ball, of Kingston.

The Practical Age.

"A poem by a Quakeress, slightly pessimistic and full of sound sense:"
Teach children mathematics
And how to scheme and plan
To get the best of others
And then you make a man.
That's practical and likely
To lay up stores of gold
So he will never be needing
For aught when he is old.

What is the use of teaching
The arts and joys of life.
They will not help in keeping
A very stylish wife?
'Tis money they are needing
And not the joys of love;
They have that for the pleasure
To find in realms above.

But while on earth the fashions
Must not be neglected;
So e'er be teaching children
The need of wealth to see
Crush out the love of beauty
And nobler aims of life;
But teach them to fight battles
In the financial strife.

So they may be successful,
Most practical of men;
They'll have no chance of living
This selfish life again.
And why should men be loving
The beautiful in life,
When they might be supporting
In fashion: a vain wife?
—Martha Shepard Lippincott.

DEMOCRATIC TICKET.

For President.

ALTON BROOKS PARKER,
of New York.

For Vice President.

HENRY G. DAVIS,
of West Virginia.

THE Democratic National convention at St. Louis completed its labors just before the dawn of Sunday and adjourned sine die. The platform was adopted unanimously and nominating speeches began at 9 o'clock Friday night. Judge Parker's name was presented by Martin W. Littleton, of New York, and the convention indulged in a wild demonstration, lasting 25 minutes. E. M. Delmas, of California, nominated William R. Hearst and L. Irving Handy presented the name of Judge Gray. The name of Nelson A. Miles was presented by David Overmeyer; that of Richard Olney by Patrick Collins; that of F. M. Cockrell by Champ Clark, and that of E. C. Wall by David S. Rose. The convention kept up its work all night and at 5:40 A. M. Saturday, Judge Alton Brooks Parker, of New York, was nominated on the first ballot. After several adjournments the balloting for vice president began at a late hour Saturday night and Henry G. Davis, of West Virginia, was nominated by acclamation. On the first ballot he received 652 votes, only 15 short of the necessary two-thirds. This was increased by changes to a number sufficient to nominate and on motion of Gov. Beckham, the nomination was made unanimous.

Judge Parker, a short while after his nomination, sent a telegram to the convention stating that he regarded the gold standard as fixed and authorizing W. F. Sheehan to decline the nomination for him if his views were not satisfactory to the convention. After a conference of leaders a reply was prepared and presented to the convention for its adoption, stating that there is nothing in Judge Parker's views to preclude him from accepting a nomination on the platform that had been adopted by the convention. The subject precipitated a long debate in the convention, but in the end, by an overwhelming vote, the reply was adopted.

The Committee on Resolutions was in session for hours before it perfected a platform. At the end of its work the committee was unanimous and there was no minority report. The money plank was dropped by a vote of 35 to 15 after a long debate. An income tax plank proposed by Mr. Bryan was not accepted. A long discussion of the trust question ended in the adoption of a plank offered by Mr. Hill as a substitute for Mr. Bryan's proposition and others.

The platform in a nutshell is as follows:

- Denounces executive usurpation of legislative and judicial functions.
- Opposes expansion.
- Advocates a revision of the tariff.
- Demands suppression of trusts.
- Favors an interoceanic canal.
- Favors reduction in the expense of the government.
- Wants investigation of executive departments.
- Favors laws giving labor and capital their just rights.
- Favors the reclamation of arid lands by irrigation.
- Favors election of United States Senators by popular vote.
- Demands Statehood for Arizona and New Mexico.
- Favors reciprocity, especially with Canada.
- Favors the reduction of the army.
- Favors generous pensions.
- Denounces the ship subsidy.
- Demands honest enforcement of the civil service laws.

PARKER AND DAVIS will have the hearty support of this paper. We were not an original Parker man by a long shot but democrats in convention have said he is the man to carry democracy's banner to success and we propose to do whatever is in our power to help him. So here's to Parker and Davis, who should win hands down over the measly pair the republicans have nominated.

ATTORNEY GENERAL HAYS, having allied to find a democratic paper through which to vent his spleen on Gov. Beckham, has adopted the Lexington Leader as his official mouthpiece. Therefore we see and hear of Gen. Hays the more we are impressed with the fact that Willard Mitchell or some other good democrat should have been nominated for attorney general.

THE dispatches say that President Roosevelt is preparing his speech of acceptance. We are delighted to know that he is not going to decline the nomination for president.

It is said that Senator Fairbanks never took a drop of liquor in his life and is heartily opposed to the treating habit. In fact, he has no use for a person who treats.

LANCASTER.

The Lancaster base ball club defeated the Crab Orchard team here Friday afternoon by a score of 12 to 3. Batteries Lancaster: Anderson and Elkin, Crab Orchard—and Cashdollar.

Mr. and Mrs. W. G. Anderson entertained Friday evening in honor of their grandchildren, Miss Ozzie and Frank Young, of Chicago. The house was beautifully decorated and all enjoyed the hospitality of their hosts.

Judge A. D. Ford bought the residence now occupied by Uriah Simpson on Richmond street for \$2,200. Mr. Simpson then bought the residence of Dr. Evans, where they intend to run a boarding house the remainder of the year.

The people of this community are glad to hear of the improvement of Mr. Wm. Burton. He will be taken Tuesday by his physician, Dr. Sid Isbell, to Indiana where he will remain until he has been entirely cured of his severe attack of inflammatory rheumatism.

Messrs. J. I. Williams and G. M. Patterson wish to correct the statement made in last issue of this paper saying they were going to Wyoming to make that their future home. They are only going there on a visit and on their return intend to stop in Dakota to see the rush at the opening of the government lands.

Mr. and Mrs. John E. Stormes have returned from a visit to St. Louis. Miss Annie Francis, of Corbin, is the attractive guest of Judge Joe Robinson. Miss Jennie Burnside, of Bryantville, and Miss Katie Campbell, of Nicholasville, are the pretty guests of Miss Lena Rigoey. Mrs. McClellan Johnston and family have gone to Livingston to spend the summer with Mr. Johnston. Misses Mary and Janie Doty have returned from a pleasant visit to Miss Nellie Peyton, of Lexington. Miss Marie Shilling has returned to her home in Richmond after a pleasant visit to Miss Elsie Zimmer. Messrs. Joe and Horace Walker and Sherille Hudson have returned from a visit to the World's Fair.

IN NEIGHBORING COUNTIES.

Cropper, Shelby county, is to have a bank.

Mrs. Wm. Blunt is dead in Madison, aged 35.

Richmond Red Men will have a street fair Sept. 12 to 17.

H. Clay Stone and Miss Ollie Harris were married at Richmond.

At London in the streets, William Edwards was fatally shot by Dan Tip ton.

Two young sons of Calvin Moses, of Whitley county, were drowned in the Cumberland river above Williamsburg. C. A. Armstrong, of Bryantville, has announced himself as a candidate for county judge of Garrard, subject to the action of the democracy.

Frank West and a young man named Manning were accidentally shot by the discharge of a rifle on Paint creek, Whitley county. The ball passed through West's arm, entered Manning's head in the left eye and passed into the brain. It is thought Manning will die.

James Lee, colored, was shot and perhaps fatally wounded by Parks Walters, a white man, at Pittsburg. The ball took effect just over the right eye, and was taken out by physicians in the back of the head. Both men, it is charged, were drunk. This makes five men who have been shot in Pittsburg within the last year. Three of whom have been killed.

POLITICAL.

Judge Parker's only remark when told of his nomination was, "Is that so?"

The new Democratic National Committee will not meet until Judge Parker has been consulted.

A great outpouring greeted former Senator Davis on his return to his home at Elkins, W. Va., from the St. Louis convention.

Dr. W. G. Hunter has promised that if he is elected to Congress he will have the government erect a \$150,000 building in Barboursville and will have the Federal court moved from London to that place.

United States Senator Overman, of North Carolina, says that Judge Parker's telegram to the Democratic National Convention means thousands of votes, and he predicts that Judge Parker will sweep the country in November.

Acting Gov. Thorne has granted a pardon to Johnson Hatfield, one of the survivors of the famous Hatfield McCoy feud who is now serving a life sentence in the penitentiary. Thereasons given for the pardon are that Hatfield is in failing health and that he promises to leave the State.

CHURCH MATTERS.

Eld. George Darsie is dead at Frankfort.

The Salvation Army will establish a permanent post at Jackson, Breathitt county.

The Sunday School of the christian church elected Miss Pauline Hocker secretary Sunday morning.

A protracted meeting will begin at the Turnersville church Aug. 18. Rev. C. J. Armstrong, of Winchester, will assist Pastor R. L. Bussabarger.

Teachers' Institute.

FRIDAY MORNING.

Instructor Eubank defined "Habit" as the rut which repeated action cuts in conscience." Song by the institute with Miss Stella Hubble organist. Rev. J. W. Hagin had charge of the devotional exercises of the morning. Judgment and Wisdom was the helpful theme he chose. Instructor Eubank gave the teachers a few words of advice for their future school term. Spelling was well presented by T. J. North, followed by Mrs. Humphrey, Prof. Bosley, Prof. Eubank, Miss McKee, Prof. Grubbs and Singleton.

At this point Supt. Singleton had the teachers divide up according to magisterial districts and a vice president and secretary elected for each of the four districts in Lincoln county. The officers of the Stanford district are: Mrs. Mary Cochran, vice president, Miss Stella McClary, secretary. Time of meeting, second Saturday in December at Stanford Graded School auditorium. Hustonville district: E. L. Grubbs, vice president; Mrs. Lutie Gooch, secretary. Time of meeting, third Saturday in November, at Hustonville Graded School building. Crab Orchard district: M. Mullins, vice president; Miss Stella Hubble, secretary. Time, third Saturday in October, at Crab Orchard school building. Waynesburg district: Dr. Bradford Warren, vice president; Miss Anna Gooch, secretary. Time, first Saturday in September at Kingsville school house.

The subject of Writing was introduced by Mr. W. L. Scott and discussed by Misses Annie Gooch, Annie McKee, Elizabeth Lay, Prof. Bosley and Grubbs, Dr. O'Bannon and Mr. Newell.

FRIDAY AFTERNOON.

Prof Bosley gave the institute a fine talk on the subject of "Why the Editorial Page of the present is inferior to that of Former Times" provided this is so. He quoted Henry Watterson with reference to his remarks relative to the work of George D. Prentice in his editorials. Prof. Bosley believes journalism has decayed because the people of to-day demand sensational stories rather than sound doctrine. He mentioned the war of words between Messrs. Watterson and Peck lately. Instructor Eubank stated that the modern newspaper is a bad guide to correct expression from a literary point of view.

Mr. M. Mullins gave his method of lightning addition as illustrated by his chart.

Instructor Eubank introduced the subject of Arithmetic and it was discussed by Mrs. Newell, Miss Stella Hubble, J. L. Bosley, Mr. Newell, Mrs. Laura Lee, John Ware, Mrs. Eubank and Miss McKee.

Two more teachers were enrolled on Friday, Mrs. Laura Lee and Miss Ethel Adams.

The programs for each of the four magisterial districts will be printed each month in the INTERIOR JOURNAL about two weeks before each association meeting.

SATURDAY MORNING.

Opened with song by institute, Miss Stella Hubble organist. Devotional exercises were conducted by Dr. Shelton.

Physiology was introduced by Mrs. Cochran followed by Prof. Bosley, Mrs. Eubank, Mr. Ware, Miss McKinney and Instructor Eubank, who dwelt at length on the laws of hygiene and physiology in general, giving a helpful suggestion to the teachers. The subject of Geography was presented by Miss Lutie Hopkins, and Mrs. Phillips in a practical way gave a most interesting talk on the use of the map of our country. Profs. Ware, Scott and Eubank ended the subject in a discussion of how to create a love for the study and a protest against the continuous use of a text book. Further discussion by Profs. Newell, Ware and Falls.

Civil government was introduced and impressed on each teacher in its highest sense by T. J. North. True Citizenship was to be the fundamental principle of all civil government.

Mr. W. S. Burch favored the institute with a splendid talk on the grand jurors and their duties and civil government in a general way.

Civics as applied in the management of the school was clearly set forth by Prof. Falls and responded to by Prof. Eubank.

The report of the committee on resolutions was read by Chairman T. J. North and adopted. It is as follows:

WE, the teachers of Lincoln county, do hereby adopt the following resolutions:

That we extend our most sincere thanks to Prof. Eubank for the able and masterly way in which he conducted our institute.

That we, for and in consideration of the faithful service of Supt. Singleton, thank him most heartily.

That we also thank Miss Stella McClary and Prof. Grubbs, secretary and assistant secretary, for their efficient work and courteous attention to our needs.

That Misses Elizabeth Lay, Stella Hubble and Kate Waters deserve our praise for the able manner in which they presided at the organ.

That we appreciate the songs and recitations which were so beautifully rendered by Misses Lucy Lee Walton, Minnie Sine and others. That we also feel grateful for the presence and ser-

vice of those who conducted our devotional exercises, and also for all visitors who honored us with their presence. That we are very grateful to the INTERIOR JOURNAL for space for these resolutions and the account of our institute.

That we appreciate the effort of Hon. J. M. Alverson in trying to pass a bill in the Legislature of 1904, providing that county teachers should receive pay for attending the institute, and request him when he returns to the Legislature to use his best efforts to pass the bill.

That we further resolve that the State superintendent pay teachers every month, beginning with August.

Be it further resolved that since there seems to be a desire to amend the present trustee law and that a county board has been suggested, we, the teachers of Lincoln county oppose aid county board but recommend as magisterial district board instead. Said board to be composed of one trustee elected by the qualified voters of each school district in said magisterial district. Said trustees to be paid a reasonable sum for their services and in consideration of said salary each trustee shall be held responsible for the conduct of school in his district. Teachers for schools in said magisterial district are to be employed by magisterial board at its regular annual meeting at such time as may be designated by law.

Resolved further that, since only two counties have been able to avail themselves of the benefits of the law provided for voting a tax for the extension of the term in the county as a whole, therefore, we deem it expedient and request our Legislature to so amend the law making the county the unit of taxation, that a tax may be voted in each magisterial district as a unit for extension and improvement of schools. Be it also resolved that we request the Kentucky delegation in Congress to use their best efforts to secure the enactment of a law whereby Kentucky shall receive from the national government a sum of money for school purposes which shall be equal to the average land grants for school purposes made by general government to all States admitted to the union since 1792.

T. J. North, chairman, K. G. Martin, Dr. Falls, committee.

LIVER TROUBLES

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

National Prohibition Convention.

Partial report from Mt. Sterling Advocate, condensed by Mr. A. W. Carpenter, of this county.

The writer left this city Tuesday morning, June 28, to attend the Tenth National Prohibition Convention, which met at Indianapolis, June 29 and 30. The convention was held at Tomlinson Hall, seating capacity 2,700. Admission was by ticket. The building up to the last meeting was crowded. The writer was seated on the stage with representatives of the press. There were present 897 delegates, 121 alternates, total 1,018. Pennsylvania had the largest delegation, 144; New York, 112; Kentucky, 18. These delegates were from 39 states. The mass meeting was held in the evening. Inspiring speeches were made.

Thursday morning.—The chief business at this session was raising a campaign fund. There was in the treasury from last year a balance of more than \$11,000. Cash and pledges at this meeting were \$16,009, making over \$27,000 to begin the campaign. The first offering was \$1,000 by a Californian, then two of \$500, several of \$300, etc. Following the adoption of the platform there was enthusiasm, shouting, waving of banners, music. Among the songs which rang from first floor to balconies were: "My Country 'Tis of Thee;" "Praise God;" "Blest be the Tie That Binds;" etc. When the rejoicing had subsided, a delegate moved that a special prayer for God's guidance in selection of president and vice-president be offered. Reverently the assembly bowed. There was only one nomination made for president, Silas C. Swallow, of Harrisburg, Pa. He is a Methodist preacher and editor of the Pennsylvania Methodist. A man of great ability and much loved. His nomination was seconded by representatives from 20 States. There was great enthusiasm. Geo. W. Carroll, of Texas, was nominated for vice-president. Mr. Carroll was prohibition candidate for governor of Texas two years ago. He is a millionaire oil operator, a philanthropist and an excellent man. Last year he gave \$75,000 to one college. He is a member of the Baptist church.

In the evening a mass meeting closed a very successful convention with great encouragement for the coming campaign. We attended every session for three nights and two days and do not remember to have seen a man or men smoking in the Hall. We had heard a remark about delegates at prohibition conventions not spitting tobacco on the floor. We decided to look. After adjournment of last afternoon session we walked from end to end of each of the three aisles. We saw tobacco spit in only one place. We are free to express the opinion that if more republicans and democrats would attend the prohibition conventions, hear their plea for christian citizenship, the recognition of God, their plain yet persuasive statement of facts, their impassioned oratory in behalf of civic righteousness and in assailing of governmental partnership in the nation's curse, they would have deeper insight into personal responsibility, fuller, loftier conceptions of our nation's privileges and less fear and dread of the safety of the republic. In the last majority race in Indianapolis the prohibition vote was 5,500. The prohibition vote in Chicago was 7,104 and growing rapidly. During the last four years \$175,000 was spent for prohibition work in the U. S. The prohibition vote in 1900 was 209,000, an increase of nearly 80,000 over 1896. We are glad that we went to Indianapolis. Our time and money were well spent.

Judge Riley, of Lexington, has discovered a new cure for confirmed inebriates, which promises to supplant the treatment furnished by the Keeley cure institutes, and the cure, which was tried on a prisoner in the police court had the desired effect. The remedy consists of fish brine dissolved in a pint of water, which the drunkard is made to drink. The remedy was applied to a well-known man by Judge Riley and rather than to submit to such treatment again he stated to the court that he had been before the bar for the last time. For 20 minutes after drinking the beverage the man was so sick that the smell of liquor, he said, was enough to drive him crazy. A prisoner is given his choice of this drink cure or 30 days on the rock pile.

When bilious take Chamberlain's Stomach and Liver Tablets. For Sale by all druggists.

To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.
